

CCA Group Hires Jake Wenger as Director - Technical

Boston, April 6, 2020 – CCA Group, LLC, a boutique financial advisory firm that provides premier capital markets and advisory services primarily in the renewable energy and energy infrastructure markets, is pleased to announce that Jake Wenger, PE, has joined the firm as Director - Technical. In a newly-established role, Mr. Wenger will work closely with the firm's transaction execution teams to provide expertise and analysis regarding technical, engineering, and transmission aspects of renewable energy projects. *"Jake has extensive experience on the technical and commercial aspects of energy project engineering, construction, and execution," said James Stahle, Senior Managing Director and Partner. "His experience advising both sponsors and investors on technical and engineering issues for complex energy project transaction will be a great asset to our team and we are thrilled to have him join."*

Jake Wenger brings over 12 years of experience in renewable energy, managing teams that provide advisory services and due diligence to developers, lenders, investors, owners, and sellers of utility- and commercial-scale renewable energy facilities and portfolios supporting project financing including construction, tax equity, refinancing, and M&A services. He most recently spent time at Luminate, where he was the Senior Manager for Advisory Consulting and Independent Engineering. For more details on Mr. Wenger, please see the following biography.

Jake Wenger, Director – Technical

Jake Wenger, Director – Technical, provides technical guidance to sponsors and investors related to commercial and economic considerations in renewable energy transactions. Jake's broad experience in the renewable energy industry enables him to understand project- and portfolio-level agreements, processes, and issues, and to communicate risks and opportunities to CCA Group's clients. He enjoys facilitating solutions to advance progress in the energy industry's evolution. Over the past 12 years, he has provided consultation to stakeholders on more than 6 GW of solar and wind transactions during development, construction, and operational phases and has managed the engineering, procurement, and construction of more than 1 GW of renewable assets.

Prior to joining CCA Group, Jake was a Senior Manager at Luminate where he managed teams providing technical due diligence and advisory services to developers, lenders, investors, owners, and sellers of utility- and commercial-scale renewable energy facilities in connection with various types of transactions, including construction debt, tax equity, refinancing, and M&A. Jake also held several engineering and management positions with Mortenson, a leader of renewable energy EPC services.

Jake earned his Bachelor of Science in engineering from Michigan State University and is a licensed professional engineer.

About CCA Group

CCA Group, LLC is a privately held boutique financial advisory firm based in Boston that provides premier capital markets and advisory services to companies active primarily in the renewable energy and energy infrastructure markets. As a leading advisor on both sell-side and buy-side transactions, we serve clients that develop, own, invest in, and operate utility-scale renewable energy projects and other complex capital assets.

Our core activities include innovative structuring, raising capital for issuer clients, sourcing investment opportunities for institutional investors, and advising clients on complex M&A transactions. CCA Group

is comprised of 17 professionals, with firm management having on average over 15 years of experience with renewable energy assets and on average over 20 years of experience with asset-based finance. CCA has additional offices in New York and in San Francisco. Learn more at www.ccagp.com.
